

Get Up to Speed On Transit

The new year brings exciting changes to transit in Las Vegas. Whether you are already taking advantage of transit or want to give it a try, here's what you need to know in 2010.

RTC is launching the [ACE Rapid Transit](#) service in March. The new line will connect downtown and the southern resort corridor.

ACEExpress will also begin service in March from the brand new [Centennial Hills Park and Ride](#). Located near the US 95 and Durango Drive interchange, this new site features 900 parking spots and is not only a great spot to catch the ACEExpress but is also a good meeting place for carpools.

Also of note in 2010 is that transit fares have completed their final scheduled adjustment, and all [changes](#) are available at rtcsonv.com or by calling 228-RIDE (7433).

Last, but certainly not least, the Regional Transportation Commission (RTC) is pleased to announce that riders will be able to purchase 30-day passes at any Albertsons store in the Valley thanks to a partnership with [Albertsons](#) and The Coca-Cola Company.
