- **Eastern Ave/Pecos Ridge Pkwy/Anthony Ct Traffic Signals** Henderson 210 \$750,000

traffic signals

Anticipated Advertise Date*: 09/2017

FRI Funding**

- **Durango Dr, Blue Diamond Rd to Windmill La** Clark County 11 \$6,000,000

Approximately 1.5 miles long roadway project to be constructed to a less than ultimate width of a minimum of two lanes in each direction. Some of the project is currently built. There are some drainage facilities that will also be constructed.

Anticipated Advertise Date*: 10/2017

FRI Funding**

- **I-15 at Starr Ave** Henderson 53 \$35,280,000

The Project improvements include constructing a full interchange and extending Starr Avenue from Dean Martin Drive to Las Vegas Boulevard. A separate FRI funded project will construct Starr Avenue from Las Vegas Boulevard to St, Rose Parkway, completing

- **6th St, Bridger Ave to Stewart Ave** Las Vegas 77 \$1,051,000

The project will include bicycle lanes, widening the sidewalks, planting street trees, traffic signal upgrades, intersection improvements, upgrading street lighting, public art, ADA improvements, utility relocation, along with other miscellaneous items to complete the project.

Roadway improvements include rehabilitating the existing pavement, improving the existing intersections including curb bulb outs, sidewalk widening and green bicycle lane improvements.

- **Coolidge Ave, Main St to 4th St** Las Vegas 97 \$983,000

The project will include bicycle lanes, widening the sidewalks, planting street trees, possible traffic signal upgrade at Casino Center, intersection improvements, upgrading street lighting, public art, ADA improvements, utility relocation, along with other miscellaneous items to complete the project.

Roadway improvements include rehabilitating the existing pavement, improving the existing intersections including curb bulb outs, sidewalk widening and shared lane markings (sharrows).

- **Kyle Canyon @ US-95** Las Vegas 114 \$6,708,000

Design and construct a new service interchange (improvements will be phased due to funding) that will accommodate higher traffic volumes on Kyle Canyon Road. The City completed a feasibility/alternatives study for the interchange back in 2009. The preferred alternative was a standard diamond interchange.

Roadway improvements include constructing a new service interchange that would accommodate 4 lanes from Kyle Canyon Road. As previously mentioned the construction could be phased due to limited available funding.

- **N. 5th St/Centennial Pkwy** North Las Vegas 225 \$540,000

Eliminate sawtooth roadways and provide a minimum 2 lanes in each direction with pedestrian paths.
