Single-ride fares now available.
Download the **rideRTC** app.

rideRTC Tap & GO Features

RTC Tap & GO offers new flexibility and convenience that lets you purchase single-ride fares directly in the rideRTC app! With RTC Tap & GO, you can add funds using a credit or debit card, or using cash at a Cash To Mobile location. After you add funds, just scan the barcode on the main screen of the app when you board the bus and the appropriate single-ride fare is automatically deducted from your account balance.
