

RTC Committees

RTC Committees develop and make recommendations related to transportation projects, plans, programs, funding, transit amenities, and other agency-related matters to the RTC Board. Three additional subcommittees (Metropolitan Subcommittee, Operations Subcommittee, and Specifications Subcommittee) make recommendations to the Executive Advisory Committee, who advises on administrative, planning, transit, streets and highways funding, operational, and technical matters.

RTC Board and Committee meetings are open to the public and agendas are publically noticed and posted. Meeting dates and locations are subject to change if circumstances warrant; final dates and locations are also publically noticed.

The public may raise issues during citizen participation periods. Issues raised in this manner may be placed on a future meeting agenda.
